### SAFETY CAUTION

If you choose to use the iQ Podz while driving, please observe and abide by all applicable driving laws.

Please keep all the equipment and accessories away from small children or animals as the small pieces may cause choking if swallowed.

Please refrain from using the product in extreme temperature environments (*Below - 20 degrees centigrade or above 45 degrees centigrade*)

Extreme temperatures can reduce the charging capacity of the device, and shorten the battery life.

Do not use abrasive cleaning solvents to clean the Podz.

Do not allow the Podz near sharp objects as this will cause scratching and damages.

Exposure to heavy rainfall or other moisture can severely damage the product. Submersion of the product in liquid will likely cause irreversible damage to the Podz.

Please use caution when listening to media at high volume for long periods of time as it can cause damage to your hearing over time.

### APPEARANCE

- 1 - Podz Charging Indicators
- 2 - Charging Case Lid
- 3 - Charging Case Indicator
- 4 - Micro USB Charging Port
- 5 - Indicator & Microphone
- 6 - Main Button
- 7 - Charging Pins
- 8 - Ear Tips

### WEARING THE PODZ

Remove the Podz from the charging case and identify the

Right **R** and Left **L** sides by looking for the icons on the Podz. This indicates which ear you wear the Podz in.

**R** Right Podz

**L** Left Podz

Place the **R** Podz in your right ear and the **L** Podz in your left ear.

Gently adjust the Podz until they are firmly in place.

### CHARGING THE PODZ

Place both Podz into the Charging Case. The Podz Charging Indicators will light up red when being charged and will turn off automatically after it is fully charged.

### CHARGING THE CASE

Use the included Micro USB charging cable and connect the case to a power supply.

### Important Notes:

- Please use the supplied Micro USB cable to charge this device. Using a third party cable may cause damage to the device.
- Do not attempt to force open the built-in battery as this could damage the device.
- A fully charged device will lose it's power automatically if left unused. It is recommended to charge the device after periods of unuse.

### BLUETOOTH PAIRING

1. Take the Podz out of the charging case. They will Power On and enter auto pairing mode. The **R** Podz indicator will alternately flash red and blue, signifying that the Podz are ready to be paired with a Bluetooth device.

**Note:** If the Podz are in an OFF state, press and hold the Main Button on the **R** and **L** Podz for 2 seconds to Power On. The Podz will automatically enter pairing mode.

2. Go to the Bluetooth connection list on your smart phone or tablet and search for “IQPODZPKT” Bluetooth name. Click to connect. Once connected a blue and red light will start to flash on the Podz and a voice prompted will say, “**Connected**” indicating that the Podz are connected to the Bluetooth device.

**Note:** Once the Podz have been paired with a Bluetooth device they will automatically connect to that same device when they are Powered On.

**MAIN BUTTON FUNCTIONS**

**Power ON:** Press and hold Main Button on the **R** and **L** Podz for 2 seconds to Power On.

**Power OFF:** Press and hold Main Button on the **R** and **L** Podz for 5 seconds to Power Off.

**Music Play/Pause:** Press the Main Button on the **R** Podz to play or pause music or videos.

**Music Next/Previous:** Long press the Main Button on the **R** Podz to go to the next song. Long press the Main Button on the **L** Podz to go to previous song.

**Volume +/-:** Double press the Main Button on the **R** Podz to increase the volume. Double press the Main Button on the **L** Podz to decrease the volume. If the maximum or minimum volume has been reached the Podz will beep once.

**Answer Call:** Press the Main Button on the **R** or **L** Podz to answer an incoming call.

**End Call:** Press the Main Button on the **R** or **L** Podz to end a call.

**Refuse Call:** Press and hold the Main Button on the **R** or **L** Podz for 2 second to refuse a call.

**Google Assistant/Siri:** When in standby mode or music playing mode short press the Main Button on the **L** Podz. This will activate Voice Dial on your smart phone.

**Note:** This feature only supports smart phones with Google Assistant or Siri functions.

**Deleting Pairing Records/Reset:** In OFF mode press and hold the Main Button on the **R** and **L** Podz for 10 seconds until you hear the “Beep” prompt 4 times and both indicators flash red and blue twice at the same time.
